

Hello,

I would like to explore how to make our business management process easier and more effective. Therefore, I am writing to ask for your approval to attend **Odoo Experience**.

Odoo Experience is Odoo's **2-day free online event** that will happen between **October 6th - 7th**.

It will host more than 180 talks, workshops, interactive demos, presentations, chat rooms, and an exhibitor's hall. It is 6-months worth of knowledge packed in a 2-day event.

This broad range of options allows every company, industry, or role to participate and explore how Odoo can positively impact their business. It is also an opportunity to hear from customers and partners and know about their experiences and challenges.

I could report the significant takeaways, tips, and recommendations on how Odoo could enhance our processes, and maximize our ROI.

The event is free. I only need to register and your approval for this intense 2-day bootcamp training program, I really think it will improve our business!

Thank you for considering this request.
